

A prayer for Santa Marta

**Christ,
who made creatures our teachers;
who shared the habitat of wild things
to resist the deadly wisdom
of disconnection delay and greed,
of injustice which wounds God's Earth....**

**Christ,
Bless and inspire every committed gathering
which reads the signs and breaks the chains ;
of the devil's muddling veto on "yes" and "no"
in the clear light of your New Day.**

**Bless the resolve of those who have gathered
for the 'amen'- the realisation - of a clean and just world**

**Christ
who called for change of heart and mind
that God's Rule might more swiftly approach:
liberate us all with love and courage;
your medicine, both against despair
and white lies of complacency.**

**God, Christ, Wild Wind,
spread the green news of hope and clarity
strengthen the speech of those who share
and always:
help us live to listen love and protect
the Creation we are, the flesh you share:
in Jesus' name
Amen [Get on with it!]**
